

 <b>Define Requirements</b> Understanding the scope and plan in the realises	 <b>Collect Data</b> Gathering and storing relevant budget	 <b>Analyze</b> Performing analytics and forecasting	 <b>Analyze</b> Performing analytics and forecasting	 <b>Visualize</b> Creating strategies and foster	 <b>Report &amp; Optimize</b> Generating reports and optimizing performance	 <b>Expand, Extend</b> Scaling the platform for better impact
<b>Steps</b> <ul style="list-style-type: none"> <li>Set project scope, identify key stakeholders</li> <li>Define objectives aligning with SDGs</li> <li>List key budget sector to analyze then the operators from, effects</li> </ul>	<b>Steps</b> <ul style="list-style-type: none"> <li>Access Union and State Budget datasets</li> <li>Extract sustainability indicator data</li> <li>Store raw data in cloud/database securely</li> </ul>	<b>Steps</b> <ul style="list-style-type: none"> <li>Access UN Global poverty, indicator and rate</li> <li>Store raw data in cloud/database securely</li> <li>Categorize past budget allocations accordingly</li> </ul>	<b>Steps</b> <ul style="list-style-type: none"> <li>Cleaning and processing datasets and outliers</li> <li>Apply machine learning models for natural sources</li> <li>Prove and test budget security using analytics data</li> </ul>	<b>Steps</b> <ul style="list-style-type: none"> <li>Choose relevant MDG's budget, as basis and plan for it</li> <li>Cooperate the timeline of tasks allowing bounding circumstances</li> <li>Process data allocations using projection to data</li> </ul>	<b>Steps</b> <ul style="list-style-type: none"> <li>Administer financial reports, from starting scenario</li> <li>Implement components for handling financial forecasts, shared</li> <li>Comments at relevant income on initial/interim reports</li> </ul>	<b>Steps</b> <ul style="list-style-type: none"> <li>Share as platform to include Core budget outlines the</li> <li>Create executive summary reports necessary items allocated</li> <li>Subsidiary access to relevant resources that data covers share</li> </ul>
 Data Source: It includes relevant indicators from various sources	 Access Union and State Budget datasets	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate
 Method of identifying trends involves using various tools and graphs	 Access Union and State Budget datasets	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate
 Outcome: Sustainable growth, poverty reduction	 Access Union and State Budget datasets	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate
 Goal & Impact: Sustainable growth, poverty reduction	 Access Union and State Budget datasets	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate
 Positive Moments: Sustainable growth, poverty reduction	 Access Union and State Budget datasets	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate
 Negative Moments: Sustainable growth, poverty reduction	 Access Union and State Budget datasets	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate
 Areas of Opportunity: Sustainable growth, poverty reduction	 Access Union and State Budget datasets	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate	 Access UN Global poverty, indicator and rate
